

## WEEKLY BAZOO.

SEDALIA, Mo.

TUESDAY, JUNE 18, 1889.

## PERSONAL.

—Capt. Joe Green went to St. Louis yesterday.

—Lon Luther, of the Lamonte Record, was in the city yesterday.

—Major Wm. Gearty returned yesterday morning from Chicago.

—Capt. Leslie Marmaduke, of Sweet Springs, was in the city yesterday.

—Col. John S. Elliott, the contractor and banker of Booneville, was at Seicher's yesterday.

—G. C. Parker arrived from Lexington, Mo., last evening and will spend a few days visiting friends here.

—Chas. H. Haire, of Kansas City, arrived here last night from Kansas City and will spend to-day greeting his many friends.

—L. F. Sheldon, superintendent of telegraph of the Missouri Pacific arrived yesterday from a business trip to Pueblo and other points in the west.

—Senator Richardson arrived in Warsaw Saturday, and has been greeted by his many friends. He has not decided where he will live, and may engage in business in Sedalia. —Warsaw Enterprise.

—Mr. Sol. R. Wolf, the genial and popular salesman, well known to the business and social public of Sedalia, has just returned from a seven weeks' pleasure tour of the East, during which he took in New York, Saratoga, Chicago and other places of interest. He is now associated in business with the St. Louis Clothing company, where he may be found. We congratulate that house upon securing his services.

—J. K. Gwynn, of Versailles, the efficient secretary of the Southwest Missouri Immigration Society, was in the city yesterday, en route home from Texas, where he visited the Spring palace at Fort Worth and other points of interest in the state for ten days. Mr. Gwynn, after his trip to Texas, is more than ever pleased with Missouri. He says there is no comparison between Texas and Missouri, as places to live in or invest. In fact, he says none of them can beat Grand Old Missouri. Good enough!

## For Taxation

The county assessor will begin his job of assessing the real and personal property of the county to-morrow morning. He will in Lake Creek township.

## Real Estate.

Only one transfer was filed in the recorder's office yesterday. Harriet S. Greenleaf to M. Ella Tucker, lot 34 in Kumm & Lesher's addition to Sedalia for \$1,000.

## A Contribution from Bleeding Kansas

A freight car laden with food for the Johnstown sufferers passed through the city this morning. It contained the donation of the citizens of Salina, Kas., and was handsomely decorated. Kansas people never miss a chance to advertise their country, no matter whether the occasion is a wedding or a funeral.

## A Lost Girl.

The police were notified yesterday that Augusta Anomosa, a girl 17 years of age living with her parents 7 miles southeast of the city, ran off from home Saturday morning. The mother, in a note, says the girl is not very bright and she fears she will get into bad company.

## A Heavy Loss.

The residence of Patrick Shaffer, near Thatcher's ford, was destroyed by fire Friday morning. Mr. Shaffer was in the city and none but the female members of the family were present when the fire occurred. By almost superhuman labor they succeeded in saving the greater part of the household goods. The fire is supposed to have been caused by a defective flue. The loss is about \$6,000 with \$1,800 insurance.

## An Unprofitable Interview.

A couple from the rural district attracted considerable attention yesterday by walking about the city holding each other by the hand. A BAZOO reporter attempted to interview them, but the young lady saved him off below the ears by asking him "whether there was any law again their holding hands if they wanted to?" Turning to her lover she added, "Jim, don't you tell him a single word."

## A Freak of the Wind.

The farmers in the cyclone swept section of the county are planting the ground in corn. At the farm of Mr. C. H. Woods west of the city, a tin water can was sitting on a gate post when the storm struck the place. The trees in the vicinity were uprooted and the greater part of the fence on both sides of the post were blown down, but the can was not moved. Mr. Woods says he is unable to account for the way the wind missed the can, as a very light breeze would have tumbled it off.

## Death Record.

—Mrs. Ernestine Lebelt died Friday afternoon in the 59th year of her age. The funeral took place yesterday afternoon from her late residence on South Kentucky avenue.

—Belle Christian, a colored woman living in Southeast Sedalia, died Friday afternoon.

—George Powell, son of Anderson Powell, a well known colored resident died Friday.

## State Pharmacists' Meeting.

The Missouri State Pharmaceutical Association will hold its eleventh annual meeting at Pertle Springs, near Warrensburg, on Tuesday, Wednesday and Thursday next. Several matters of importance to druggists will be discussed, and some necessary legislation outlined. John S. Moffitt, of Moffitt-West Drug Company, St. Louis, has been appointed President of the Entertainment Committee and has collected funds sufficient to carry out the attractive programme. A large party of members and friends will attend from this city and St. Louis, and special cars have been secured for their accommodation by Mr. Moffitt.

That sour-tempered, cross, dyspeptic individual should take Dr. J. H. McLean's Sarsaparilla! It will make him feel as well and hearty as the healthiest of us. He needs bracing up, vitalizing, that is all.

## CYCLE GOSSIP.

—Lumsden, of Chicago, won the second race of the "Stone-Lumsden" series at St. Louis on the 7th, making three miles in 9.44.

—Stone, of St. Louis, and Lumsden, of Chicago, are among the flyers that will enter the race at the bicycle tournament to be held in this city July 3d and 4th.

—Fred Hoffman and Don Lingo made a trip to McAllister Springs Friday morning. They missed their way and got into McAllister after covering about 35 miles in 4 hours. They report the roads in elegant condition.

—The race programme for the Sedalia Tournament with events and prizes has just been completed. They are of enough value to attract the attention of the fastest riders in the country, consisting largely of gold medals.

—Ernest Henny, Boyd Gunn and Don Lingo will go to Windsor to-day, leaving the city about 6 o'clock. Ernest is quite familiar with the roads to that point, having made the trip several times a week. He doubtless has a best girl at the end of the line.

—The race at the park yesterday brought the half-mile record for Sedalia down a few notches, Lingo coming under the tape at 1.40. The fastest former record being 1.52 which was made by Kelly in August 1888. Boyd Gunn will shortly go into training for the 4th of July races. He has not selected his trainer as yet, but will possibly get one from the east. Boyd is built from the ground up, and as a racer, flattering results are expected of him.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will by its own action, reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past few years obliges us to admit that only one remedy has completely met these conditions, and that is Ely's Cream Balm. This safe and pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms quickly yield to it.

## Benefit.

The ladies auxiliary to the B. of L. E. Div. 178, will give an ice cream social for the benefit of "Dad" Leach, a brotherhood engineer, who has been sick for a long time at Richmond's hall on east Third street, Monday evening, June 18th.

## The Police Court.

The court was greeted with a larger audience than usual yesterday morning when he opened the big book.

Frank Dunn was taxed \$5 for a plain drunk.

Milt Woods, Robert Gunn, R. Wheeler, John McKim, J. A. Calhoun, Frank Carr, William Gillett and Peter Conway were found guilty of trespassing on railroad property and were each fined a 5-dollar bill. McKim, Calhoun and Carr were given a stay of an hour in which to leave town.

Warren Craighead and Thomas Dobson were charged with allowing their night soil cart to become a nuisance. They pleaded not guilty and their cases set for trial Monday morning.

## CENTRAL BUSINESS COLLEGE.

SEDALIA, MO.

—A number of our pupils have secured schools in this county.

—A good many of our pupils are leaving school this time of year.

—School is still large for this time of year. We are receiving many letters from those desiring to enter our school. We now have more than one hundred in actual attendance.

—The College Literary was small Friday night, but interesting. The debate was especially interesting. The question for debate was, "Resolved that rotation in office is just." Mr. Lewis Neely led out with a most eloquent speech of less than thirty minutes. Mr. Bosier, of Fayette, Mo., following with clinching and forcible argument. Mr. B. occupied the floor longer than Mr. Neely, answering all arguments produced by Mr. N. in a clear, forcible manner. Mr. D. R. Williams was next on the floor and for clear forcible and flowery arguments we think he has few equals considering his extreme youth. We next listened to Mr. J. T. Atkinson, of Starrville, Texas, who is known among the pupils as the Southern orator. Mr. Neely, city, was then called on to close the debate which he did in a very creditable manner. The judges then gave the decision unanimously in favor of the affirmative. The recitations, music etc. were all interesting and did credit to the society. The College Gem was the closing exercise and it was rich and spicy.

## The Result of a Drunk.

Frank Hydeman, a railroad brakeman, got on a wild drunk last night and called at the residence of Georgia Crowder on West Main street and desired admission. She refused and he attempted to kick the door down. Officer Fifer heard the racket and took Hydeman to the city jail where he was locked up with a charge of disturbing the peace booked up against him.

## Summer Resorts of the Rockies.

All the summer resorts of Colorado, Utah and the Rocky mountains are reached through Pullman Buffet Sleeping cars from St. Louis and Kansas City, via Missouri Pacific railway. "The Colorado Short Line" to Pueblo, Colorado Springs and Denver. Tourists' round trip tickets at very low rates are on sale at all principal coupon offices in the United States, good for six months to return. For beautifully illustrated Tourist Guide of 140 pages descriptive of the resorts and further information, address H. C. Townsend, general passenger and ticket agent, St. Louis, Mo.

## BASE BALL YESTERDAY.

A Grand Programme of Amusement Given at Seicher's Park.

The Auditor's Nine Downs the General Freight Nine by a Score of 43 to 14—Night-fall Stops the Slaughter.

The programme of amusement given by the M. K. & T. base ball nines from the general freight and auditing departments was of the most interesting character and fully came up to the expectation of the public in every particular. The base ball game was a little one-sided, but the crowd found a large amount of fun and their applause became vociferous cheers as the occasion demanded. The rain at noon settled the dust and yet did not leave a trace of mud. The ball grounds could not have been in finer condition. The threatening appearance of the weather during the remainder of the afternoon reduced the attendance some, but the crowd present was quite large and very enthusiastic. The ball game was called at half past three, and at the end of the second inning the 100 yard running race was announced. The players dropped their bats and with the crowd gathered along the track marked out for the runners. The following athletes entered for the race:

Don Lingo, H. L. Hollister, O. H. Jacobs, Howard Striker and Ed. Huthsing. The signal being given, they pulled out and came in close together in the order as follows: Huthsing, Lingo, Jacobs, Striker and Hollister. Time, 10 1/2 seconds.

The race caused great enthusiasm in the crowd and the result brought forth loud shouts of applause. Mr. Hollister won many nice compliments by the dignified manner in which he brought up the rear of the race.

The race being over, the slaughter of the general freight nine was resumed, but at the end of one inning the game was again interrupted by the announcement that the bicycle race was the next performance. The following cyclists were entered: Don Lingo, Boyd Gunn and Joe Kelley. The crowd gathered around the race track and watched with eager expectation the advent of the cyclists, and when they took their places ready to start they were greeted with cheers from a thousand throats and the waving of hundreds of handkerchiefs held by fair hands. The signal being given a starter behind each wheel gave it a good push, away they went and pulled out with all their might. Lingo took the lead with Gunn second and Kelly third, within the first quarter of the half mile, but before they reached the half way point Kelly shot ahead of Gunn and in the last quarter was close at the heels of Lingo, but the latter noticing that fact braced up and shot ahead reaching home fully six lengths ahead. Kelly second and Gunn third. The half mile was made in 1 minute and 40 seconds. The race was by all odds the best feature of the programme.

The base ball game was resumed and continued until after 7 o'clock. Seven innings were played and a remarkable score of 43 to 14 made in favor of the Auditor's Nine. Base hits were so common that they became too menotonous to count and the official scorer did not count them. The following is his report:

A prize of a box of cigars was won by T. M. Hickey who made 8 runs in the 7 innings.

The gold locket for first prize in the 100 yard sprinting race was won by Ed. Huthsing; the second prize, a scarf pin, was won by Don Lingo who also won the slipper the first prize in the bicycle race. L. C. Rinnanman won the cravats for stealing the most bases.

The proceeds from the sale of tickets at various places about the city have not yet all been gathered up, but a careful estimate shows the net profits to be about \$200. The enterprise has been in all respects, a success, and the sum which will be forwarded to the Johnstown sufferers to-morrow will be a snug one and will swell the total from the railroad employees of Sedalia to near \$1300.

I have required a vast amount of work to arrange such an entertainment as this one and while credit is due every member of the two nines, particular credit is due J. C. Van Leer, who has devoted considerable of his time to its management.

The Sedalia will play the M. K. & T. on the Fourth of July during the forenoon and in the afternoon they will match the Jefferson City's.

## THE STATE FIREMEN.

Hold a Meeting and Elect Their Officers—a Clinton Man President.

At a meeting held Friday night at Clinton by the members of the State Fireman's association the following business was transacted:

The State Fire association of Missouri will meet at Sedalia—time not stated. The state associations of Arkansas will convene at Little Rock. The Kansas association at Ottawa.

The gold lined oyster bowl, donated by the ever generous management of Baird College, Clinton, to the most popular firemen belonging to the association, was awarded to Mr. J. J. Little, chief of Ft. Smith fire department, by a vote of 33, over Secretary Mitchell. Mr. Little is a popular clothing merchant, an enterprising citizen, and beside his efficiency as chief, has an interesting family, and is a splendid entertainer. He has twenty years experience as a fireman, always ready to perform any duty, and Baird college is to be congratulated in thus bestowing such an honor on a gentleman who will cherish it with pride and distinction.

Election of officers was declared in order. Chief Jas. C. Lepscum of Clinton fire department, was chosen president by acclamation.

For vice president, Chief Elder, of Ottawa, Kansas, a veteran in the field, was elected.

H. A. Mitchell, of Springfield, was re-elected secretary, by 33 votes over F. H. Fields, of Ottawa. The election was then made unanimous, when Mr. Mitchell thanked the association for the fidelity reposed in him.

Directors were then: M. Eagan of Little Rock; Chief Murrell of Pittsburg, Kas.; Chief Gillies of Joplin; Chief Mayes, of Fayetteville, and J. H. Casey, member of the Kansas City veteran firemen's association.

Inspector-General was next in order. H. B. Phillips, of Carthage, and R. E. Everett, of Springfield, were named. Mr. Phillips was declared elected, and on motion made unanimous. Mr. Phillips returned thanks.

Mr. J. H. Casey, of Kansas City Veterans, was chosen by acclamation to represent this association in the State engineer's association, to be held next September in Kansas City. A resolution was presented by Mr.

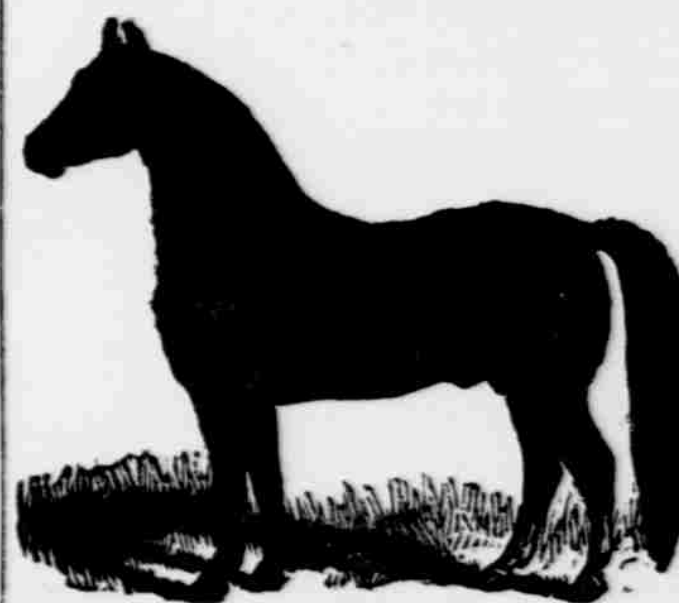

Futral, which was read and adopted, to debar pool selling on the association grounds in the future, which he later offered as an amendment to the constitution. Secretary Mitchell was in full accord with the resolution, and asked that the constitution be so amended.

## "HILT TO HILT."

## A Desperate Encounter Between Two Country Boys.

Last Wednesday evening a social entertainment was held at the residence of Mrs. Kelly, a widow lady residing four miles north of Clarksburg, in the neighborhood known as "Pigeon Roost," to which the country lads and lasses were invited to enjoy the evening. Among those in attendance were John Born and Jim Reuben Luster, both just verging upon manhood and both residents of that vicinity. Between these two young men there had existed an ill-feeling for some time, and during the evening a trivial affair occurred to arouse the slumbering antipathy, but an encounter was prevented by the bystanders. Like a flame, temporarily smothered, breaks out with increased force, so was the wrath of these young men, and on their way home, when about a quarter of a mile from Mrs. Kelly's residence, they dismounted to settle their grievance. Both drew their pocket knives, and there in the darkness with a courage worthy of a better cause, they slashed and cut each other in the most frightful manner. Neither made an outcry; neither uttered a moan, and when they were separated neither knew that his adversary was injured. They were taken to their respective homes and Dr. Stewart, of Clarksburg, summoned to attend both. Born was found to have received a severe gash on the throat, narrowly missing his jugular vein; also cuts on the head, face and arm. Luster received a dangerous thrust in the right lung and three or four stabs in the back. It is understood that the blade of Luster's knife was broken during the fight, which was, of course fortunate for his antagonist. In consequence Born's wounds are light cuts compared with the more serious and dangerous injuries received by Luster. Our latest information is that both of the combatants are doing well, and their physician, Dr. Stewart, expresses himself as hopeful of their recovery. —Tipton (Moniteau county) Times.
